- Republic of Moldova
- Russia Federation
- Sierra Leone
- Somalia
- South Africa
- Swaziland
- Tajikistan
- Thailand
- Uganda
- Ukraine
- UR Tanzania
- Uzbekistan
- Viet Nam
- Zambia
- Zimbabwe

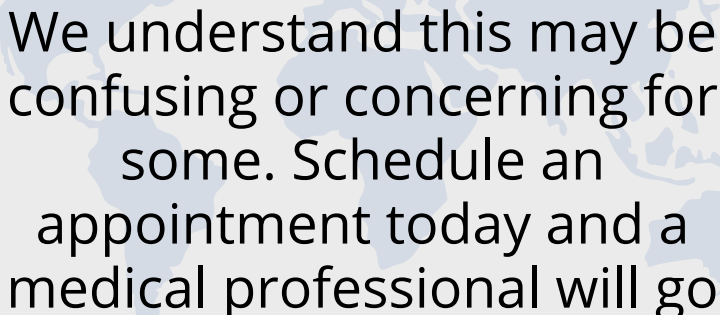

Measles, Mumps, and Rubella (MMR)

1 **Provide proof** of two MMR vaccinations, after your first birthday, and that are administered at least four weeks apart. In order to complete this requirement, you must submit appropriate documentation to the Center for Health & Counseling.

OR

2 **Complete blood tests** to show immunity to MMR. You may visit the Center for Health & Counseling to complete these tests.

As an F1 International Student, you are also required to complete a TB Screening, which may require additional testing. You may also complete this at the Center for Health & Counseling.

We understand this may be confusing or concerning for some. Schedule an appointment today and a medical professional will go over all the details during your appointment.

We are happy you're here!
