

The top-left portion of the image features a complex, abstract graphic composed of several thin, black, overlapping lines that form various geometric shapes, including triangles and polygons, creating a sense of movement and depth.

AMERICAN OCCUPATIONAL THERAPY ASSOCIATION CONFERENCE 2023

Student Occupational Therapy Association Club

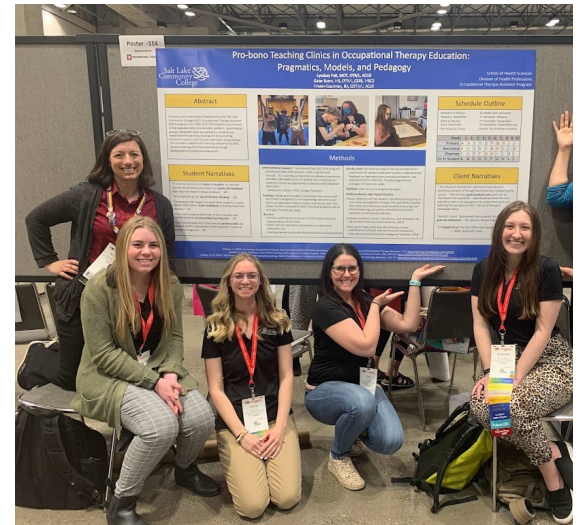

A large, decorative graphic on the left side of the slide. It consists of several concentric, overlapping circles in various shades of green, creating a sense of depth and movement. The circles are not perfectly circular, with some appearing as thick, curved bands.

WHAT SOTA CLUB HAS DONE

- We made cement steps for Montessori school in Sandy
- We winterized the garden boxes at the Jordan campus
- Then in the spring we prepped the boxes for spring
- We had a potluck that was posted so all clubs could come
- We helped out at the U of U football games
- We had a booth at the health fair on Redwood campus
- We had a tree at the festival of trees last winter
- We sanded cars
- We are going to help at the MS walk in May

WHAT WE DID-AOTA

Our cohort had the opportunity to attend AOTA conference in Kansas City, Missouri. We attended continuing education sessions, presented during the poster session about our Pro-bono Onsite and Telehealth Clinic, as well as a session where one of our students was a presenter. There were 100's of talks and sessions for us to attend and this allowed us to pick topics that we were interested in going into as future practitioners. It also allowed us to tell other professionals about our amazing clinic and about our great OTA program.
