COMPLETE THE PLACEMENT PROCESS

Many classes at SLCC, especially English and math, require placement. Before you can register for those classes, you will need to complete the SLCC Placement Process or submit your ACT/SAT scores. The results will be used to advise you regarding appropriate class placement.

English scores do not expire, but ACT math scores expire after 18 months and SAT math scores expire after 12 months. If your scores have expired, don't worry, you can complete the SLCC Placement Process.

The SLCC Placement Process is free and can be completed on any internet-connected device except for a phone. To access the placement process, log into your MySLCC and navigate to Testing Services.

If you are attending an SLTech program you will need to take the CASAS test. You can schedule an appointment at slcc.edu/testing/placement/casas.aspx.

PAYING FOR COL

FINANCIAL AID

You will need to fill out the Free Application for Federal Student Aid (FAFSA) for each Academic Year you plan on attending college. For Fall 2025-Summer 2026, you must complete the 2025-2026 application. You will need to include our school code for us to receive your application, which typically takes 7-10 business days.

You can get started by completing the **Free Application for Federal Student Aid (FAFSA)** online at studentaid.gov

Federal School Code: **005220**

Apply as early as possible!

For specific information about the deadlines and application steps, visit slcc.edu/financialaid

GRANTS

Grants are gifts of money that do not have to be repaid under most circumstances. You must show financial need to qualify for grant programs. Most grant funding is limited, so early application is encouraged.

WORK-STUDY

The Federal Work-Study Program provides part-time jobs for students with financial need to earn money for college. You must apply for Financial Aid before being eligible for the Work-Study Program.

LOANS

Federal Title IV loan programs assist students with their educational expenses and are repaid when the student is no longer attending or enrolled in at least six credit hours. SLCC participates in three federal loan programs: **Federal Perkins Loan**, **Federal Direct Stafford Student Loan** (subsidized and unsubsidized), and **Federal Direct Parent Loan for Undergraduate Students (PLUS)**.

LEGE

SCHOLARSHIPS

SLCC has many great scholarship opportunities for first-year and continuing students. Scholarships are a great way to make college affordable and do not need to be paid back. Visit slcc.edu/scholarships for the most recent information about scholarships and application deadlines.

SLCC PROMISE

SLCC Promise helps eligible students pay for education by covering the cost of tuition and fees when federal grants fall short. Visit slcc.edu/promise for details.

TUITION PAYMENT PLAN (TPP)

A Tuition Payment Plan lets you spread your tuition and fees over four monthly payments for fall and spring semesters and over three payments for the summer semester. A TPP does not reduce your financial obligation to the College. The first installment must be included at the time of application. There is a \$30 nonrefundable application fee per semester. Please apply and pay online through your MySLCC account.

What Is a Credit Hour?

A credit hour typically represents one hour of classroom instruction per week over a standard semester (usually 15–16 weeks). It also includes about two hours of homework or study time for each hour in class.

How It Works

1 credit hour = 1 hour in class + 2 hours of work outside class per week

3 credit hour course = 3 hours in class + 6 hours of homework per week

Most college courses are 3 credit hours, meaning you spend about 9 total hours per week on that course.

* Non-residents pay resident tuition for summer semester.

** Amount for each additional credit hour.

Resident: \$148.75
Non-resident: \$520.50
SLTC: \$99
Apprenticeship: \$74.50
