Dear SLCC Class of 2025,

Congratulations on your graduation from Salt Lake Community College! This is an incredible milestone, and today we celebrate your dedication, perseverance, and the time you've invested in shaping your future. As you walk across the stage today, you step forward not just as graduates but as leaders, innovators, and change-makers.

Your time at SLCC has likely included challenges that have tested you, lessons that have shaped you, and moments that have inspired you. Through it all, you have proven that with hard work and determination, you can achieve great things. Whatever your next step might be—university, a new career, or an opportunity to give back to your community—know that you carry with you the knowledge, skills, and resilience to succeed.

The world is waiting for you. Embrace your future with confidence. Believe in your abilities. Never stop learning, growing, and striving for something greater. Be generous and kind to all. I have no doubt that you will use what you've learned during your time here to create a brighter future for yourself and those around you.

Again, congratulations! I am proud of you and excited for all that lies ahead. May you find joy, courage, and success as you begin this new chapter in your life's story.

Go Bruins!

A handwritten signature in black ink, appearing to be 'G. Peterson'.

BRANIGAN KNOWLTON

Foreign Service Officer, U.S. Department of State

Branigan Knowlton has built a career on embracing the unfamiliar. As a U.S. Foreign Service Officer, he has lived and worked around the world, navigating complex diplomatic challenges in Hong Kong, Mexico, Colombia, and Italy. His ability to adapt and grow in new environments has shaped his 12-year career with the U.S. Department of State, where he currently serves at the U.S. Embassy in Rome.

"I've actively sought opportunities that push me into the unfamiliar, even when it's challenging," says Branigan, a husband and father of four. "Early on, I realized I liked being uncomfortable because it's in that space that I've truly grown—both professionally and personally."

Branigan's path to diplomacy started at Salt Lake Community College, where he completed his general studies coursework before earning a bachelor's degree in Journalism and Communications from Utah State University. He also holds a Master's of Public Administration degree from the University of Utah. Branigan credits his time at SLCC with sparking his interest in government and international affairs. "I took an American civilization course that wove the ideals I grew up with into the history of our country," he says. "I also took a public speaking class that opened my eyes to the importance of understanding different perspectives, and a U.S. government class that helped me understand how our government's actions impact the world."

Before joining the State Department, Branigan spent two years in Australia serving a mission for the Church of Jesus Christ of Latter-day Saints, and he lived in the Philippines working for a private company. Those experiences of living abroad reinforced his passion for global engagement.

Branigan hopes SLCC graduates will embrace the unknown, take on challenges, and find growth in the unexpected. "In life, you always want to have options, so don't tell yourself you can only have one specific career or live in one specific place—it limits your possibilities," he says. "Although I eventually found my ideal job, it took me a while to think beyond what was familiar to me. Never be afraid to explore outside your zip code."

ALAN E. HALL

Chair

JEANNE NOWAK HALL

President

Alan and Jeanne Hall Foundation

Community. Education. Service. Family. Faith. These values have guided Alan and Jeanne Hall for many years. As dedicated supporters of Salt Lake Community College, they have championed innovative training programs and scholarships, helping hundreds of SLCC students achieve their dreams. For the Halls, investing in education isn't just philanthropy—it's a meaningful way to empower individuals and strengthen communities.

Alan, who holds an undergraduate degree in Psychology from Weber State University (WSU) and a Master's of Business Administration degree from Brigham Young University (BYU), understands firsthand the transformative power of education. As founder of several global companies, including Blue Sky Energy Corporation and MarketStar, he has personally witnessed how education shapes lives and careers. "College is where students dedicate themselves to learning the skills and knowledge they need to graduate with a degree," he says. "Mastering the fundamentals during this unique time helps people become successful citizens and a benefit to their families."

Jeanne also promotes education and community service through her role as president of the Alan and Jeanne Hall Foundation. "It doesn't matter what field you're in; what matters is that you share your knowledge to lift and help others," she says. After earning a bachelor's degree in Psychology from WSU and master's degrees in Counseling from BYU and the University of Utah, Jeanne worked for many years as a high school counselor with the Ogden School District. She has also served the community by donating her time and energy to numerous charitable organizations, including singing in the Mormon Tabernacle Choir, organizing and running the Boys & Girls Club of Weber-Davis, and serving on the Alan E. and Jeanne N. Hall Endowment Committee for Community Outreach at WSU.

For students transitioning from college to career, the Halls emphasize that business, at its core, is about service. "Successful business begins with a deep understanding of human behavior and is sustained by being a thoughtful and compassionate individual." Alan says.

Salt Lake Community College has been awarding **HONORARY DOCTOR OF HUMANE LETTERS** degrees to deserving individuals since 1986. The SLCC Board of Trustees selects outstanding individuals in the community who have achieved distinction, made extraordinary contributions to their professional fields, and made a meaningful impact in their communities and/or to higher education to receive this honor.

DAWN R. RAMSEY

AS, General Studies, 2017 | Mayor, City of South Jordan

Dawn Ramsey experienced Salt Lake Community College at two very different points in her life. The first time, she was just a few years out of high school, and later, after raising six children, she returned to the College as a nontraditional student. "I chose to take a break from my education that unexpectedly lasted 20 years," says Dawn. "I cannot imagine there ever was a nontraditional student as excited as I was to be back in school."

As she began attending SLCC for a second time, Dawn recalls the dedication of an academic advisor who combed through her transcripts to create a learning roadmap for her. "His time and effort were an immense gift—it allowed me to re-engage with my education and determine a path forward."

She also recalls an SLCC anatomy and physiology professor who encouraged and supported her. "She recognized things I could do that I might not have been fully aware of at the time," says Dawn. "She was helping me see who I could become."

Just a few months after graduating from the College in 2017, Dawn was elected as South Jordan's first-ever female mayor. "That SLCC degree instilled confidence in me that made me feel like I belonged on that ballot," she says. Soon after, Dawn completed a bachelor's degree at Brigham Young University in Family Science with emphasis in Political Science and Civic Engagement Leadership. She is currently serving in her second term as mayor of South Jordan City.

Salt Lake Community College's prestigious **DISTINGUISHED ALUMNI AWARD** honors SLCC graduates and former students for professional excellence and exemplary service to their communities in their chosen professional or academic fields. It's the highest award the College bestows upon alumni. Traditionally, one female alumna and one male alumnus are selected as honorees each year.

DANIEL BARNEY STIRLAND

General Studies | Principal, Kearns High School

Danny Stirland has been a part of the Kearns High School community for 25 years, first as a student, then as a basketball coach, then as a history teacher, and now as the school's principal. He has also worked for the Granite District as a School Leadership Director, where he supervised high school and middle school principals.

"I'm just lucky and blessed to be here; there's something special about being where you grew up," says Daniel. After high school, Daniel attended Salt Lake Community College to complete his general education requirements.

While at the College, Daniel cherished the small class sizes and teacher attention. "The small, intimate nature of the community college really worked for me," says Daniel,

who credits two SLCC professors for turning him on to history. "They had their views but also taught from a balanced approach, pulling in different perspectives. I appreciated this; it helped inform me as I started making my own decisions in life."

After completing his studies at SLCC, Daniel attended the University of Utah, where he earned a bachelor's in Health with a minor in History, as well as a teaching degree. He later returned to the University to pursue a master's degree in Educational Leadership.

Danny was voted secondary principal of the year in 2014 by his Granite School District peers and received the Granite Education Foundation's Excel Award in 2017. Even with all his public accolades, Danny considers a shift in the culture at Kearns High School as his greatest professional achievement. "We are a very diverse school in every aspect, where there is a lot of mutual respect, acceptance, and inclusion. This results in a positive learning environment that makes us all want to be here."

ANDREW VOGT, PhD

Associate Professor, Engineering

Dr. Andrew Vogt’s teaching philosophy is guided by two principles, curiosity and efficiency.

“Curiosity leads us to study a topic and allows us to really understand the ins and outs of research, while efficiency is all about sustainability,” he says. Andrew describes curiosity as a pure, open-minded impulse to explore, such as the ease with which children learn new concepts with virtually no instruction. Efficiency adds maturity to that childlike impulse, creating structures and pathways for accomplishment.

Andrew’s work has always been grounded in the sensations of the body, and he teaches his students at Salt Lake Community College to learn using multiple senses—for example, sight and hearing can provide radically

different understandings of acceleration. His instruction also relies on non-academic activities, like music and endurance exercises, to encourage a comprehensive understanding of engineering concepts.

“Authentic experiences help us connect what we teach with our lives,” Andrew says. “For example, the wave patterns of music directly correspond to stability of motion, and running can help us understand efficient biomechanics.” His lecture, to be delivered in Spring 2026, will follow that approach and use running as a lens to examine how curiosity drives exploration and how efficiency promotes sustainability of inquiry.

Andrew earned an undergraduate degree in Mechanical Engineering from the University of Idaho and holds a PhD from the University of Utah. Since arriving at SLCC in 2012, he has taught many subjects ranging from statistics to engineering applications for the guitar.

The **DISTINGUISHED FACULTY LECTURER** is a recognition of quality work by one of Salt Lake Community College’s full-time faculty and a charge to develop that work over an academic year into a public presentation. A committee chosen by the Associate Provost for Learning Advancement selects the faculty lecturer each year. The lecture takes place in the spring.

MICHAEL K. McKELL

Utah State Senator, District 25

In 2013, Senator Mike McKell began his service in the Utah Legislature. Since taking office, he has been a dedicated champion for Salt Lake Community College and for all of Utah's higher education institutions. Senator McKell has continually emphasized the importance of community colleges and has advocated for programs and scholarships that benefit SLCC students, and he regularly makes time to meet with College representatives to understand the institution's priorities and perspectives on critical issues.

Senator McKell is also an ardent supporter of incarcerated students and works to provide them with every opportunity to receive postsecondary education that will allow them to successfully transition into society upon their release. He currently chairs the Utah Higher Education and Corrections Council, which is

responsible for overseeing the development and delivery of accredited higher education curriculums in the state's correction system. Senator McKell recently attended the graduation ceremony for students in SLCC's highly successful Prison Education Program, and his efforts have resulted in meaningful assistance and support to those pursuing their education through this initiative.

Since joining the Utah Legislature, Senator McKell has served on several key committees. From 2019 to 2021, he chaired the Higher Education Appropriations Committee, which is responsible for recommending funding for Utah's public universities and colleges. Today, he continues to serve as a member of that committee as well as the Senate Education Committee, which is tasked with setting policy for public education institutions.

In 2024, Senator McKell was elected by his colleagues as a member of the Senate Leadership Team, serving as the Majority Assistant Whip. In that role, he serves on the Executive Appropriations Committee, which is responsible for reviewing and approving the entire state budget.

Senator McKell earned a bachelor's degree from Southern Utah University and a juris doctor degree from the University of Idaho. In addition to his work in the legislature, he leads the Olympic and Paralympic Winter Games Coordination Committee and is a practicing attorney primarily focused on insurance law. He and his wife, Brandi, are parents to four children.

The Salt Lake Community College **LEGISLATIVE CHAMPION AWARD** honors state legislators who demonstrate through their legislative activities a commitment to advancing and improving higher education for the state. The College's Legislative Champion is selected at the conclusion of every legislative session.

EMMANUEL SANTA-MARTÍNEZ, PhD

Assistant Professor, Biology

Honeybees can carry pollen for miles, increasing disease resiliency and crop yield by expanding the gene pool of plants beyond their immediate surroundings. Students in Dr. Emmanuel Santa-Martínez's classes take a similar approach to learning by venturing beyond the classroom for immersive field research as a means to "pollinate" their education. "I feel a deep responsibility to guide my students in developing essential skills, encourage critical thinking, expose them to extracurricular opportunities, and nurture their love for biology, all of which will help them thrive in their future careers," he says.

Other examples of "cross-pollination" in Emmanuel's work at Salt Lake Community College include internships and classroom innovations. He pioneered a program that connects students with local internships at

places such as the Jordan River Commission, and he developed the College's first dual-language biology class. Here, Emmanuel presents course material in Spanish and leads discussions in both English and Spanish. This approach encourages Spanish-speaking students to deeply explore complex topics and ensures everyone has the tools to succeed as they learn a challenging subject.

Emmanuel's interest in biology began on a small farm in Humacao, Puerto Rico. "I learned from my father the importance of understanding and taking care of plants and animals," he says. This work inspired him to eventually pursue an undergraduate degree in Biology at the University of Puerto Rico and a PhD in Entomology at the University of Wisconsin-Madison.

After completing his education, Emmanuel taught in Colorado at Arapahoe Community College and Red Rocks Community College before joining SLCC in 2019. He also served as a research collaborator at the Universidade Federal Rural de Pernambuco, where he studied pollinator management in Pernambuco, Brazil.

The **TEACHING EXCELLENCE AWARD** is given by the Salt Lake Community College Foundation Board to recognize excellence in professional education at SLCC. Both full-time and adjunct faculty are eligible. The award reflects a cumulative body of teaching excellence rather than just a single year of exemplary work.

N. CAROLINA BLOEM, PhD

Associate Professor, Spanish | Director, Center for Latin American Studies

Creating a positive learning environment where students can develop knowledge and thrive is the guiding principle of Salt Lake Community College associate professor Dr. Carolina Bloem. “My goal is to provide students with the necessary tools to succeed in the classroom,” she says. “That path may look different for each student, but together we will get there.”

Carolina, who describes her teaching style as student-centric, encourages her students to connect the material in her classes with what they are learning in their other courses. She believes this interdisciplinary approach deepens understanding and fosters both creative and critical thinking. “My role in the classroom is to be a leader,” she says. “I am guiding my students toward a shared outcome of gaining knowledge, and together, we can reach that goal.”

As a way to support many of SLCC's workforce students, Carolina has developed SLCC courses that connect language with workforce and cultural skills, including medical Spanish, to prepare students for work in medical interpreting. She has also created courses such as Spanish for Spanish speakers, which refines the skills of those who learned the language at home and prepares them for more advanced courses and proficiency.

Carolina earned her bachelor's, master's, and doctorate degrees in Spanish Literature from the University of Utah. While there, she served as a graduate student instructor where she developed her teaching style. Upon completion of her studies, Carolina was grateful her journey led her to SLCC. “I am incredibly lucky and honored to work here. Our students are at the heart of everything we do, and I take my role in helping them build their dreams very seriously.”

KRISTEN HALL, RDH

Associate Professor and Second Year Coordinator, Dental Hygiene

In 2012, Kristen Hall was a busy mom trying to balance her career as a dental hygienist with her personal life when she met Renee Mendenhall, associate professor and program coordinator of Dental Hygiene at Salt Lake Community College. Their sons played on the same soccer team, and their shared profession sparked a conversation in which Renee asked Kristen if she would consider teaching at the College.

"I initially declined," Kristen says. "While I liked being a hygienist, I didn't care for my experience in hygiene school. I attended college during a time when instructors gave little thought to students' lives outside the classroom."

Renee eventually convinced her to shadow the faculty at SLCC's Dental Hygiene Clinic for a

day. Kristen enjoyed the experience and agreed to occasionally fill in as a clinical instructor. Over time, she began teaching classes, becoming a full-time instructor in 2019.

Kristen strives to ensure her students feel supported. "I sometimes felt like just a number to my professors, so I make it a point to meet with my students several times each semester to learn what's going on in their lives and how I can help," she says. "I want to know what they enjoy about college and what challenges they may be facing that could impact their studies."

Kristen attended Southern Utah University before transferring to Dixie State University (now Utah Tech University), where she earned associate's and bachelor's degrees in Dental Hygiene. While she never anticipated working in education, she now considers her job at SLCC as one of her greatest blessings. "I'm honored to help my students reach their full potential and see their profession not just as 'mouth janitors' but as a way to help people live their best lives."

PROVOST'S GRADUATES OF EXCELLENCE is a prestigious distinction that acknowledges students for their hard work, commitment, and talents. One student is chosen from each school within the College and General Studies. These students have excellent GPAs and most of them have been recipients of various scholarships and awards for their academic achievements. The Provost's Graduates of Excellence have also demonstrated strong leadership skills and a dedication to serving others, along with other notable accomplishments and involvement in Salt Lake Community College as well as beyond the classroom.

SCHOOL OF TECHNICAL AND PROFESSIONAL SPECIALTIES

CARLYN BARLOW

Apprenticeship Electrical Independent Technology

My academic journey has been far from traditional, and I can confidently say that attending SLCC has been one of the best decisions I've made. This place not only became a safe place for me, but it also provided me with the tools to pursue higher education. My journey has not been easy, but I have learned that anything is possible with hard work and the right support. For the past four years, I have worked as a licensed electrical apprentice for the State of Utah, and I am proud to say that I am now a licensed journeyman electrician. The support I received here at SLCC made it all possible.

SALT LAKE TECHNICAL COLLEGE

LACY LOWRY

Diesel and Professional Truck Driving

I have always found myself drawn to the unconventional, and the strength to pursue my passion was only magnified after my father's passing. He once told me I could only fail if I gave in to defeat. His words have removed all the fear of failure from my life. I quickly realized that traditional jobs weren't for me, so I started exploring various professions from a young age. This led me to research every commercial driving school in Utah, and I concluded that my best option was to attend SLCC. It was the only institution that offered a level of instruction that could help me excel in my field. I finally have a chance to get a job on my own terms.

SCHOOL OF HUMANITIES AND SOCIAL SCIENCES

NATALIE CABRERA MANSILLA

Psychology

My time at SLCC taught me the importance of perseverance and dreaming big. Soon after my first semester, I started getting involved at the College, which led me to create a community that helped me discover new interests. I was also accepted into the Honors Program, which improved my college experience. It gave me valuable tools to grow as a student and as a person. I completed my first research project and got the chance to present it at the Western Regional Honors Conference in Long Beach, Calif. While at SLCC, I developed critical thinking skills and gained the confidence to write an essay, which became my first published work.

SCHOOL OF HEALTH SCIENCES

CASSIDIE ARCHULETA

Radiologic Technology

Reflecting on my time at SLCC, I realize how miraculous it is that I've continuously achieved a high level of performance despite challenges. My daughter has participated in a clinical trial requiring us to travel across the country for her treatment. While managing her medical needs and school, I also advocated for Galactosemia and other rare diseases. In my technical writing class, I wrote a letter to representatives about important legislation that was under consideration. With support from the SLCC community and advocates nationwide, I'm proud to say the legislation passed in 2022, helping many people living with rare diseases. This success isn't mine alone; SLCC has impacted my life, and I will always be proud to be an SLCC Bruin.

SCHOOL OF ARTS, COMMUNICATION AND MEDIA

EMMA BARUCIJA

Architectural Technology

A significant part of my academic success here at SLCC stems from the mentorship and support of the faculty in the Visual Art and Design department. Whether it was through their thoughtful critiques, engaging discussions, or unwavering belief in my potential, these mentors have pushed me to think beyond conventional design and challenge myself daily. Beyond academics, service involvement has been central to my college experience. My role with the Engaged Learning Office allowed me to mentor others who directly impact our community. The combination of rigorous coursework, hands-on experience, mentorship, and leadership roles has shaped me to think critically, design with purpose, and contribute meaningfully to everything I do.

GAIL MILLER BUSINESS SCHOOL

TAWANANYASHA DZENGA

Business

My experience at SLCC has been shaped by triumphs and challenges, helping me learn about myself and the world. I am an international student from Zimbabwe, and I am pursuing a double major in Computer Science and Business. I am also a proud honor student. I had the chance to represent SLCC at the Western Regional Honors Conference, where I presented my research. I have also led two service-learning trips and currently serve on the Utah Global Diplomacy Youth Advisory Council. SLCC's mission of supporting students and the community inspires me to give back to higher education, especially by focusing on student success. I appreciate the opportunities I've received during my time here and look forward to continuing to build on this foundation.

GENERAL STUDIES

MARILYN HOWARD

General Studies

My time at SLCC started nearly two decades after graduating from high school. The journey has not been easy, as I have faced multiple challenges that have felt overwhelming—from illnesses in the family to the passing of my brother to brain cancer. One of the things that kept me going was remembering my brother's words to be my own person and have my own success. SLCC has been an institution of learning and a place of safety, growth, and opportunity. It is where I found self-confidence, lasting friendships, mentors, and academic success. SLCC has become a second home.

SCHOOL OF SCIENCE, MATHEMATICS AND ENGINEERING

TRAN HUYNH

Biology

I chose to enroll at SLCC because it was a great starting point for my education. Returning to school was tough after a long break, but I started by taking two classes each semester to help ensure my success. At SLCC, I made the President's List, received scholarships, and took part in alternative breaks. I feel proud now that I am nearing the end of my journey at SLCC. My experience here has been more than just earning a degree; it has been a significant accomplishment for me and my family. SLCC helped me build a strong foundation and opened many doors for my future.

SALT LAKE COMMUNITY COLLEGE CLASS OF 2025

The appearance of a name in this program as a degree recipient is presumptive evidence of graduation and graduation honors, but it must not, in any sense, be regarded as conclusive. The official transcript records kept by the College remain the official documentation of the degree.

SALT LAKE COMMUNITY COLLEGE CONGRATULATES OUR LAW ENFORCEMENT ACADEMY GRADUATES

The Salt Lake Community College Law Enforcement Academy is an authorized satellite academy of the Utah Peace Officer Standards and Training (POST). The academy is overseen and regulated by Utah POST. Graduating students receive certification as a Utah Peace Officer, as defined in Utah Code Annotated 53-13-101 (2). Please visit the Utah Department of Public Safety webpage for additional information. The SLCC satellite academy is for those who wish to gain Law Enforcement Officer certification as a self-sponsored student. There are two training modules, and the courses must be taken in order to earn certification: CJ 1910 Special Function Officer (SFO) Module 1, followed by CJ 1920 Law Enforcement Officer (LEO) Module 2.

CONGRATULATIONS!

Welcome to the Salt Lake Community College Alumni Community.

Congratulations on your achievement! We welcome you into a strong and ever-growing Salt Lake Community College alumni community. A strong alumni community is vital to sustain SLCC's growth.

Stay connected! Whatever your future holds, please cherish your experiences and encourage others to attend SLCC. Please stay connected with SLCC friends, faculty, and administrators. As alumni, you can see performances at the magnificent Grand Theatre at a discount, and you can enjoy Bruin athletic events for free with your SLCC Alumni OneCard. You can even keep your campus recreation membership plus Library and Career Services privileges. More information is available at slcc.edu/alumni by clicking on "Alumni Benefits."

A first step in staying connected is by updating your record. Please go to slcc.edu/alumni and click on the "Update Your Information" link. We also want to hear about your future achievements. Please share them with us by email at alumni@slcc.edu.

Congratulations again on your achievement. We look forward to a lifelong connection with Salt Lake Community College.

Bruins Forever!

Mike Bird

Chair, SLCC Alumni Leadership Council

Operations Director, University of Utah Health

Ruminations of an X-ray Student

by Cassidie Archuleta

Bony trabeculae
Your beauty is hidden
Your sight unknown
Until photons expose you
and you shine like the moon

Poet Laureate Project conducted a College-wide call to SLCC students to enter the Tiny Poem Contest—requesting submissions of poems between 2 and 10 lines. Despite, or perhaps because of, such brevity, tiny poems can be challenging to compose. "Ruminations of an X-ray Student," by Cassidie Archuleta, demonstrates the vivid precision and allure of the tiny poem. This poem was chosen by guest judge Lisa Bickmore, Utah State Poet Laureate, as the contest winner.

STOLE OF GRATITUDE

How does a graduate demonstrate appreciation for a person who helped turn their dream into reality? Hasn't every graduate had a special person who, through moral or financial support, made a big difference in their life?

A student may wear a Stole of Gratitude during the Commencement Ceremony. After the ceremony, the new graduate presents the Stole of Gratitude to someone who provided extraordinary help or support, such as a parent, relative, or mentor. More than one stole may be worn during commencement, symbolizing that there are multiple persons destined to receive Stoles of Gratitude. Recipients will never forget the kindness inherent in the recognition and sentimental feelings connected with being presented the Stole of Gratitude.

The Stole of Gratitude is a lasting symbol of love, appreciation, and academic accomplishment at Salt Lake Community College.

GRADUATE HONORS

Gold Cord

Students who complete coursework with a cumulative grade point average of 3.80 or higher will be awarded high honors and qualify for a gold cord.

Silver Cord

Students who complete coursework with a cumulative grade point average between 3.50 and 3.79 will be awarded honors at graduation and qualify for a silver cord.

Blue Cord

Students who complete the requirement for the Civically-engaged Scholar program will be awarded a royal blue cord at graduation.

Silver Stole

Students honored as Graduates of Excellence will be awarded a silver stole.

Red, White, and Blue Cord

Our veteran or active duty students who are graduating are awarded a red, white, and blue cord.

Blue and Gold Cord

Students who identify as first-generation college students are awarded a blue and gold cord.

Navy, Light Blue, and Bright Gold Cords

Students who are graduating that are concurrently enrolled in high school are awarded navy, light blue, and bright gold cords.

Blue Ribbon and Gold Medallion

Students who complete nine credits of Honors coursework, three high-impact practices, two enrichment experiences per semester, and who maintain a cumulative grade point average of 3.3 or higher graduate from the Honors Program.
