## MISSION

Salt Lake Community College is your community college. We engage and support students in educational pathways leading to successful transfer and meaningful employment.

## VISION

SLCC will be a model for inclusive and transformative education, strengthening the communities we serve through the success of our students.

# BECOME A BRUIN

## ADMISSIONS

Fill out the application online and you are on your way to enrolling at SLCC!

---

➤ [slcc.edu/apply](https://slcc.edu/apply)  
(English & español)

---

➤ [slcc.edu/admissions](https://slcc.edu/admissions)

## PLACEMENT PROCESS

Complete the SLCC placement process before registering for the appropriate courses for your major.

---

➤ [slcc.edu/testing](https://slcc.edu/testing)

## NEW STUDENT ORIENTATION

Attend an orientation through the Orientation and Student Success office.

---

➤ [slcc.edu/oss/orientation](https://slcc.edu/oss/orientation)

---

📍 [oss\\_slcc](#)

## COURSE REGISTRATION

Once you have completed the steps above, you are ready to meet with an academic advisor and register for courses.

---

➤ [slcc.edu/academicadvising](https://slcc.edu/academicadvising)

## VISIT CAMPUS

Take a tour of one of our campuses or attend one of our on-campus events.

---

👉 [slcc.edu/tours](https://slcc.edu/tours)

## TRANSFER CREDIT

If you have taken courses at another institution, submit an official transcript when you apply to SLCC. Your classes will be evaluated so you receive the credit you have earned.

Did you take concurrent enrollment classes at SLCC in high school? Those credits will already be on your record and do not need to be resubmitted.

---

👉 [slcc.edu/transcriptevaluation](https://slcc.edu/transcriptevaluation)

# DEGREE & COURSE OPTIONS

## DEGREE OPTIONS

### ASSOCIATE OF SCIENCE (AS)

If you would like to complete your general education and prerequisite courses prior to transferring to a bachelor's degree program at a Utah public four-year college or university, this path is for you. This is a great option for students who want to structure their major for a specific area of study.

### ASSOCIATE OF ARTS (AA)

This degree choice is much like the AS degree with the addition of a foreign language requirement.

### ASSOCIATE OF APPLIED SCIENCE (AAS)

If you're interested in a fast track toward an entry-level career, this choice is right for you. AAS degrees require more major-specific courses with fewer general education requirements.

### ASSOCIATE OF PRE-ENGINEERING (APE)

This is a specialized program to prepare you for transferring seamlessly into an engineering program at a Utah public four-year college or university. You will be required to complete a significant amount of engineering coursework, while taking fewer general education courses.

### ASSOCIATE OF PRE-SCIENCE (APS)

Generally, graduates of SLCC's Associate of Pre-Science programs transfer seamlessly into science-specific majors at public universities in the Utah System of Higher Education.

### CERTIFICATE OF COMPLETION (CC)

Certificates of Completion (CC) are typically one year in length with 30-33 credit hours, and are designed for entry-level employment or continued study toward an associate's degree. These certificates are typically eligible for federal financial aid as well as many scholarships.

### CERTIFICATE OF PROFICIENCY (CP)

Certificates of Proficiency (CP) are a sequence of courses that are typically completed in less than a year and range from 16–29 credits. There is no general education coursework included in this certificates. A CP is not eligible for federal financial aid although some scholarships may be applied to CP tuition.

### CERTIFICATE OF ACHIEVEMENT (CA)

Certificates of Achievement (CA) are programs that result in a certificate issued by an individual department. These are designed to meet immediate workforce or recertification needs. A CA is not eligible for federal financial aid although some scholarships may be applied to CA tuition.

## COURSE TYPES

### LECTURE

Lectures take place in person, on campus, at a specific time and place. Some material may be provided in Canvas; most is delivered face to face. You may be asked to attend some classes virtually on an as needed basis during the semester.

### ONLINE

Online course instruction happens in Canvas, your “virtual classroom,” accessible anytime, anywhere. All interactions with your classmates and professor will happen online. Reliable internet is key. Some exams take place in a testing center.

### LIVESTREAM LECTURE

Livestream lectures are different from online courses; you must “attend” class virtually at a specified time through a web conferencing tool like Zoom or Microsoft Teams. Most, if not all, assignments will be completed in Canvas.

### HYBRID

The best of both worlds, hybrid courses combine in-classroom lectures with the flexibility of online learning. You will complete some course activities in Canvas and some in a classroom. The time division can vary from course to course.

### APPLIED AND SKILLED TRAINING PROGRAMS

Instructional labs are places students apply learning from faculty demonstrations, classroom lectures, and Canvas course content. Labs include equipment, tools, and software specific to careers in industry education pathways.

## ADDITIONAL COLLEGE CREDIT OPTIONS

### CONCURRENT ENROLLMENT

Concurrent Enrollment provides a challenging and rigorous college-level experience to high school students. Students in the program are awarded both college and high school credit.

---

➤ [slcc.edu/concurrentenrollment](https://slcc.edu/concurrentenrollment)

---

### COMPETENCY-BASED EDUCATION (CBE)

The CBE model can give you college credit for life and work experience in areas like healthcare, technical support, truck driving, website design, and electronics and engine repair.

---

➤ [slcc.edu/sltech/faq.aspx](https://slcc.edu/sltech/faq.aspx)

---

### CREDIT FOR PRIOR LEARNING (CPL)

Salt Lake Community College is committed to the recognition of student learning that occurs outside of a formal classroom environment. In alignment with our current program offerings, each year CPL saves thousands of students time and money through assessments such as AP, CLEP, military training, language proficiency, portfolio evaluation and more. Discover all CPL opportunities currently accepted at SLCC at:

# TECHNICAL EDUCATION

## SALT LAKE TECHNICAL COLLEGE (SLTECH)

### Salt Lake Technical College (SLTech)

SLTech provides technical education to help students develop skills Utah employers want, launching careers in high-wage, high-demand industries. These certificate programs are typically 6-14 months in length, with frequent start times available throughout the year. Applications are accepted at any time. These are credit programs which may also apply to degree programs at the College. The tuition for technical education is less than what is assessed for undergraduate degree programs at SLCC.

### CREDIT CERTIFICATE PROGRAMS

Technical Education programs are for-credit programs that lead to employment in high-demand, high-wage careers. They may also meet the requirements for an Associate's Degree.

---

➤ [slcc.edu/sltech](https://slcc.edu/sltech)

### ENGLISH AS A SECOND LANGUAGE (ESL)

English as a Second Language (ESL) students take classes providing intensive English language skill development in reading, writing, listening, speaking, grammar, vocabulary, and pronunciation. These courses help students develop English language proficiency designed to support their success in technical education and undergraduate programs at Salt Lake Community College.

---

➤ [slcc.edu/sltech](https://slcc.edu/sltech)

### APPRENTICESHIPS

A paid position in which the employee/student learns and gains valuable experience while working. There is almost always a formal educational program associated with the apprenticeship, so the individuals are "earning while they are learning." Salt Lake Technical College's apprenticeship programs provide students with the knowledge and fundamental skills necessary for various positions that traditionally require apprenticeships, including in the electric power industry and the skilled trades. For students not yet apprenticed with an affiliated employer, we also offer pre-apprenticeship programs that enable students to gain the skills and training employers seek from new employees.

---

➤ [slcc.edu/sltech](https://slcc.edu/sltech)

### CAREER & TECHNICAL EDUCATION (CTE)

Great-paying, hands-on jobs require specific training and knowledge. A college degree from SLCC's CTE programs will open doors to careers in Nursing, Emergency Medical Technician (EMT), Automotive Technician, Film Production Technician, Geospatial Technology, and Culinary Arts, among others.

---

➤ [slcc.edu/cte](https://slcc.edu/cte)

# WORKFORCE TRAINING & EDUCATION

## NOT-FOR-CREDIT PROGRAMS

Salt Lake Tech and Workforce Training & Education offers a wide variety of not-for-credit short-term training programs designed to lead to entry-level employment, upskill workers in their current roles, and assist them in renewing industry licenses.

Programs are developed in collaboration with Utah industry partners, ensuring credentials are highly valued and aligned with the job market.

Program Areas:

- Advanced Manufacturing
- Automotive
- Business
- Computer & Networking
- Electronics
- Energy
- Health Care
- Licensure & Renewal
- Personal Development
- Teacher Education

Salt Lake Tech has multiple funding sources to pay for part or all of your training program.

[slcc.edu/sltech](https://slcc.edu/sltech)

## CORPORATE TRAINING

Salt Lake Technical College Corporate Training provides learning resources for Utah businesses, non-profit organizations, and public agencies to train and retain employees for success. Whether it's leadership or soft skills that are important in creating a positive and productive culture, we are here to help close the skill gaps. WTE has multiple funding sources to pay part or all of your training program.

# PAYING FOR COLLEGE

"One of the biggest reasons I dropped out was because I didn't think I could afford to finish my degree. But luckily, I was eligible for SLCC Promise and was closer to graduating than I had originally thought. This motivated me to finally finish what I started."

– Zachary McCray,  
SLCC Student

## FINANCIAL AID

Take away the worry of funding your education at SLCC by applying for financial aid, which can include grants, loans, work-study, and scholarships. Get started by completing the Free Application for Federal Student Aid (FAFSA) online. The Office of Financial Aid provides FAFSA workshops to help you complete your application.

## SCHOLARSHIPS

SLCC has many scholarship opportunities for first-year and continuing students. Scholarships are a great way to help pay for school. There are a lot of different types of scholarships available to individuals planning to attend SLCC.

Scholarship Application Cycles:

**Fall Semester:** Nov. 15-Feb. 1

**Spring Semester:** Sept. 15-Nov. 1

**Summer Semester:** Mar. 1-Apr. 15

## SLCC PROMISE

SLCC Promise helps eligible students pay for their education by covering the cost of tuition and fees when Pell Grants fall short. SLCC Promise is intended to remove economic barriers and provide a pathway for SLCC students to complete their degrees.

🔗 [slcc.edu/promise](http://slcc.edu/promise)

## OPEN SLCC

Provides students a cost-effective alternative to traditional textbooks. To date, the total estimated student cost savings is over \$28 million, with 15,619 sections, 116 different OER courses offered, and 328,892 SLCC students having benefited from the program.
