

SLCC Apprenticeship Plumber CC—24 Credit—Licensure Information

UPDATED: 07/25/2024

The [SLCC Apprenticeship Plumber Independent AAS](#) program is designed to provide classroom-related and supplemental instruction for an apprenticeship program and is designed to prepare students to apply for professional licensure through the [Utah Division of Occupational and Professional Licensing \(DOPL\)](#). SLCC neither provides on-the-job training nor acts as a sponsor for apprentices. Individuals must locate their own sponsors. To be eligible for licensure in Utah, an apprentice must complete 576 minimum hours of related instruction and 8,000 hours of on-the-job training.

This document represents a good faith effort to describe licensure requirements in other states. Please recognize that there may be additional requirements for licensure not outlined in this document. Licensure and employment requirements vary by state, agency, and organization. In addition to the requirements listed below, applicants may be asked to complete state-specific apprenticeship programs, submit criminal background checks, submit proof of US citizenship or work authorization, pay licensure fees or other certification fees, abide by codes of conduct, or other requirements not outlined in this document. We recommend that students who are planning to move out of Utah research licensure requirements in other states.

Fees (as of 8/5/2024—fees can change at any time)

Plumber Licensure Application	\$110.00
Plumbing Licensure Exams:	
• Utah Plumber Written Exam	\$78
• Utah Plumber Practical Exam	\$78

If you have difficulty finding the licensure requirements for your state, please contact SLCC's [State Authorization Office](#) for help.
