

SLCC Professional Truck Driving—Licensure Information

UPDATED: 8/28/2024

The [SLCC Professional Truck Driving](#) program is designed to prepare students to for an Unrestricted Class “A” CDL license available through the [Utah Department of Public Safety](#). To obtain a CDL, students are required to meet federal standards for training and testing. More about federal standards are available on the [Federal Motor Carrier Safety Administration website](#).

Utah Licensure Fees (As of 8/28/2024. Fees can change at any time.)
\$52 ([UDPS website](#))

Each state issues CDL licenses and has its own Commercial Driver’s License Manual. The SLCC Professional Truck Driving program offers students who successfully pass the skills test an Unrestricted Class “A” license, and the CDL license holder (over the age of 21) is able to drive in all 50 states and territories.

If a CDL license holder moves to another state, the license holder will typically need to transfer the CDL to the new state. Usually, the CDL license holder will not need to redo testing in the new state, but there may be new CDL license transfer fees. SLCC students are advised to complete their CDL coursework and take the CDL testing here in Utah before moving to another state.

If you have difficulty finding CDL information for a state, please contact Bill Tovar by [email](#) or by phone at 801-957-2265 or SLCC’s [state authorization office](#) for help.

States and Territories	State Licensure Contacts
	This list was last updated 8/28/2024.
